

DISCLAIMER

We write the plans under the following assumptions;

- You are 18 years of age or over
- You are currently uninjured and you have not been advised by a professional to cease physical activity
- Results are not guaranteed but are highly correlated to following your plan. You can have the best plan in the world, but if you do not follow it, it's unlikely to work!
- You will not be completing additional training alongside your plan. Your plan describes all the training you should be completing. If you complete additional unplanned sessions, you will increase the risk of an overload injury.
- These plans are created by Lattice Training for your use solely and must not be sold or recreated for any purpose unless agreed.
- Participation in these training programs is entirely at your own risk. Lattice Training will not be held responsible for any injury or medical condition incurred or worsened.

If you are unsure about any of the above, please get in touch to discuss your options; *
